Dear Bernardo,

Request for the District Council Geographical Constituency Boundaries

I refer to your email of 18 August 2023 to the Registration and Electoral Office (“REO”) requesting the shapefile of District Council geographical constituency (“DCGC”) boundaries of the 2023 District Council Ordinary Election (“DCOE”). The REO has referred your request to the Electoral Affairs Commission for follow-up and our reply is set out below.

The shapefile of DCGC boundaries of the 2023 DCOE can be downloaded from the Common Spatial Data Infrastructure Portal (“Portal”) (https://portal.csdi.gov.hk/geoportal/?datasetId=reo_rcd_1634528082461_24797). Please note the Dataset Remarks in the Portal and comply with the terms and conditions at the **Annex** upon use of the shapefile.

You may wish to note that the shapefile only shows the DCGC boundaries but not other digital data such as the topographic map database and digital land boundary database. If you need such information, please contact the Land Information Centre of Lands Department with details as follow:
