Item (3)

The Immigration Department ("ImmD") does not maintain the requested statistics.

<u>Item (4)</u>

The CIC is an immigration detention facility for detaining immigration offenders (18 years old or above) who are awaiting repatriation/removal/deportation under the Immigration Ordinance or the final determination of their non-refoulement claims.

On the other hand, the MTKDC is an immigration facility for short-term detention of immigration offenders pending inquiry, prosecution, court hearing or transfer to other detention facilities.

Pursuant to the prevailing detention policy by the HKSAR Government, in determining whether a person should be released or detained, the Secretary for Security / Director of Immigration will take into consideration all the relevant facts and circumstances of the particular case, including: (i) whether the person's removal is going to be possible within a reasonable time; (ii) whether the person concerned has committed a serious crime or poses, or is likely to pose, a threat or security risk to the community if not being detained; (iii) whether there is any risk of that person's absconding and / or (re)offending; (iv) whether that person's identity is resolved or satisfied to be genuine; (v) whether that person has close connection or fixed abode in Hong Kong; and (vi) whether there are other circumstances in favour of release. The mere presence of a particular factor does not automatically lead to detention or release. The factors will be considered in the context of all the circumstances of the case. Each case is to be considered on its own facts and merits and detention will be kept under regular review and will be reviewed when there is a material change of circumstances.

The ImmD does not maintain the requested information and statistics.
