Subject: Freedom of Information request - GIS Data Request

Dear Census and Statistics Department,
Hello,

I am requesting gis shapefile data for census gis data. I am looking for shapefile polygon data for the following boundaries: district, district council, large street block group, large tertiary planning unit, major housing estates, new town, small street block groups, and small tertiary planning units. If there are any attributes, please include total population, and names in both Chinese and English where exist.

Thank you for your time and help,
Kind Regards,
Justin

This is a request under the Code of Access to Information facilitated via the accessinfo.hk website.
